

Abhishek Gupta

Full Stack Web Developer

PROFESSIONAL SUMMARY

Adaptable Full Stack Web Developer proficient in React.js, JavaScript, and the MERN stack. Skilled in collaborative project development, leveraging Generative AI for innovative solutions. Effective problem solver and strong attention to detail.

PROJECTS

AI Course Generator | |

Next.js|**React.js** |**Tailwind.css** |**Node.js** |**Express** |**MongoDb**

- This is an individual project developed over the course of one month. It is an AI-powered course generator designed to streamline learning with the following key features:
- User authentication system including login, signup, and password recovery functionality.
- Automated generation of a comprehensive learning roadmap based on the user's chosen topic.
- Unit tests provided at the end of each section to reinforce learning.
- Ability for users to view their previously explored topics and seamlessly continue from where they left off.

WORK EXPERIENCE

Aug ' 24 - Present

Swanirbhar

MERN Stack Developer

- Designed and delivered a CRM system with onboarding, personality mapping, and growth dashboards successfully.
- Increased efficiency by automating user management and mentor-matching workflows.
- Improved user engagement through intuitive dashboards, gamified progress tracking, and clean UI/UX design.
- Owned the full development cycle, ensuring timely delivery and alignment with organizational goals.
